## NOTE TO THE 1981 EDITION OF THE LEE TOWN REPORT

Since the Town of Lee is in the middle of an eighteen month accouting year (for the purpose of changing from a calendar year to a fiscal year), all financial reports are interim reports based on the first twelve months of our present fiscal year.

The Town's books will not close until June 30, 1982 and will not be audited until sometime in July or August. Thus, this Report does not contain a balance sheet, the receipts and payments report, the Tax Collector's report, and the auditors' certificate.

## MINUTES OF TOWN MEETING

## — 1981 —

The 1981 Town Meeting for the Town of Lee, New Hampshire was called to order at 10:00 A.M. in the Lee Town Hall on Tuesday, March 10, 1981 by the Town Moderator Dale Swanson.

Articles I through III from the 1981 Lee Town Warrant were moved by Selectman Shirley Clark and seconded by Selectman Joseph Ford. These articles were voted on by ballot:

**ARTICLE I:** To choose all necessary Town Officers for the ensuing year.

**For Selectman:**

James F. Cummings ..... 90
Joseph P. Ford ..... 271

**Town Clerk/Tax Collector:**

Penelope A. Stetson ..... 364

**For Auditors:**

Beryle S. Banks ..... 325
Aaron Chadbourn ..... 16

**Library Trustee:**

Susan G. Bradbury ..... 141
Rita M. Wolfe ..... 195

**Advisory Budget Committee (for three years):**

Aaron Chadbourn ..... 20

**Advisory Budget Committee (for two years):**

J. Andrew Glutting ..... 283

**Trustee of the Trust Funds:**

Renata Dodge ..... 326

**ARTICLE II:** To see if the Town will vote the changes in the Zoning Ordinance pertaining to the clarification of the penalty clause, and pertaining to definitions concerning travel trailers and road frontage as proposed by the Lee Planning Board and the change in the Zoning Ordinance pertaining to enforcement as proposed by Lorraine St. Jean and at least twenty-four other registered voters.

**Amendment #1:** Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article 15 regarding penalties for a violation of this ordinance to clarify and reduce ambiguity in the present article?

Yes, 177 No, 182

**Amendment #2:** Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article 2 (Definitions) to include a definition for "travel home" to include any type of travel or recreational vehicle with living space?

Yes, 166 No, 205

**Amendment #3:** Are you in favor of the adoption of amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article 7 regarding regulations for House Trailers and Mobile Homes to include "travel homes"?

Yes, 151 No, 220

**Amendment #4:** Are you in favor of the adoption of amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amending Article 2 (Definitions) such that the definition for road frontage would read "contiguous length of the lot bordering on and accessible from a right of way or private road". (The definition for water frontage would be changed to correspond.)

Yes, 186 No, 172

**Amendment #5:** Are you in favor of the adoption of Amendment #5 as proposed by the petition of Lorraine St. Jean and at least 25 registered voters of the Town of Lee for the Town Zoning Ordinance as follows:

Amending Article 13 regarding enforcement of the Ordinance to add the words, "which comply with the Constitution of the United States of America and the Constitution of New Hampshire"?

Yes, 139 No, 226

**ARTICLE III:** To see if the Town will vote to rescind its vote whereby it passed the so-called Dog Control Ordinance as set forth in RSA 466:30-a.

Yes, 214 No, 161

The polls were closed at 7:30 P.M. on Tuesday March 10.

**Articles IV through XXVII** were taken up at the Mastway School at 7:30 P.M. on March 11.

Joseph Ford was sworn in as selectman for three years by the Town Moderator, Dale Swanson.

The Selectmen, with Mr. Wallace Dennis acting as spokesman, presented the Boston Post Cane to Annie Piper (Mrs. Charles Piper) of High Road as the oldest resident of the Town of Lee.

**ARTICLE IV:** To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the Town charges for the ensuing fiscal year for

general government, including Town officers' salaries and expenses, election and registration, Town buildings' expenses, employees' retirement and social security, Building Inspector's salary and fees, Civil Defense, Police Department, Fire Department, Conservation Commission, Insurance, Planning and Zoning, legal expenses, health and vital statistics, transfer station, town highway department, general expenses of the highway department, public library, public welfare of Town Poor and Old Age Assistance, Memorial day and Old Home Day, Cemeteries and Abandoned Cemeteries, Dog Care, debt service for interest on temporary loans, bulk gas, town reports, recreation, appraisal of property, and contingency fund.

Article 4 was moved by Selectman Joseph Ford and seconded by Selectman Dennis. Mr. Ford moved that the Town raise $232,198 by taxes and that $150,000 be appropriated from Town Surplus to defray the Town Charges for the ensuing eighteen months of $382,198 for general government in the following categories:

| | |
|---|---|

| | $382,198 |

(**Insert 23** of the 1981 Town Report presents a six month and a twelve month breakdown of the proposed budget. A "Comparative Budget Analysis" handout was distributed to further reduce the added confusion of the 18 month budget necessary to change the fiscal year as voted at the 1980 Town Meeting. A copy of this handout is included as part of these minutes.)

Mr. Ford gave explanations for some of the major increases in the operating budget, many of which can be directly attributed to rising energy costs.

Mr. James Banks questioned funding of Memorial Day and Old Home Day. Mr. William Crotty questioned legal expenses. Mr. Roland Cathcart objected to the increases in the salaries of the Town employees.

Robert DiBerto questioned "Propery Appraisal" in the amount of $4000. Mrs. Clark explained that this item was added to the budget to cover the costs of the pick-ups of new construction and additions which would keep the Town of Lee appraised at 100% of Market Value.

Article IV was passed.

**ARTICLE V:** To see if the Town will vote to raise and appropriate the sum of five thousand dollars ($5,000) for repairs and improvements to Town buildings and attendant grounds.

Mrs. Clark moved article 5: it was seconded by Mr. Dennis. Mrs. Clark explained that the selectmen suggest using $5000 from the Revenue Sharing Funds to continue some of the renovation projects begun on the Town Buildings. Planned projects include the drilling of a new well for the Town Buildings, necessary because of the large iron deposits present in the water to these buildings. A hot water heater is necessary for the Town Hall. The Town Hall is not properly insulated; diverting the heating ducts to the floor in the main room is proposed to help save on heating costs and to make the Town Hall more comfortable. Another suggested project was the repair of the platform on the Historical Society Building.

Mrs. St. Jean objected that the Town should not be obligated to make repairs on the Historical Society Building.

Article 5 was passed.

**ARTICLE VI:** To see if the Town will vote to raise and appropriate the sum of five thousand dollars ($5,000) to be deposited with the Trustees of the Trust Funds as Capital Reserve for Fire Department Equipment.

Article 5 was moved by Mr. Dennis and seconded by Mrs. Clark. Mr. Dennis explained that this money is put into reserve for future capital expenditure of fire equipment; it is expected that the Town will have to purchase a Class A pumper at approximate cost presently of $80,000 in about four years time.

Morris Hatch moved that Article VI be amended to read, "To see if the Town will vote to raise and appropriate the sum of twenty thousand dollars...." This motion was seconded by Paul Hatch.

Mr. Dennis agreed that with $23,086 presently in the reserve, there would not be enough money in four years time to purchase this equipment unless larger appropriations were placed in the Capital Reserve Fund.

William Baum spoke in favor of this amendment. Roland Cathcart objected to the amendment on the basis that with rising inflation, the money in the reserve is depreciating in value. He suggested floating a bond issue at the time the funds are needed. Mr. Hatch and Mr. Dennis objected to this suggestion.

Article 6, as amended was passed.

**ARTICLE VII:** To see if the Town will vote to raise and appropriate the sum of ten thousand dollars ($10,000) to be deposited with the Trustees of the Trust Funds as Capital Reserve for highway equipment.

Article 7 was moved by Mr. Dennis and seconded by Mrs. Clark. Mrs. Clark explained that, with the exception of a Huff, the Town does not own any road equipment. This is expected to be necessary in the future.

Article 7 was passed.

**ARTICLE VIII:** To see if the Town will vote to raise and appropriate the sum of one thousand five hundred dollars ($1,500) for the Lee Conservation Commission.

Article 8 was moved by Mr. Ford and seconded by Mrs. Clark Mr. Ford explained that this money is put into a fund for the purchase of land as it becomes available.

James Stoakes objected to the accumulation of tax free land. Peter Dodge responded that unoccupied land does not cost the Town money in the way of services.

Daniel St. Jean asked how much land the Town now owns. The Town owns approximately 120 acres most of which is around the Town Buildings and the recycling center.

Dwight Barney asked about the land at Malfunction Junction; Mr. Allan responded that this land had walking trails and a conservation area used for fishing.

Article 8 was passed.

**ARTICLE IX:** To see if the Town will vote to authorize the Board of Selectmen to act as Trustees of Agents of the Town to receive from the Trustees of the Trust Funds pursuant to RSA 35:3 and 15, the sum of ten thousand dollars ($10,000) and to expend such sum for a portion of the Town's share in the fiscal 1981 capital construction costs and attendant expenses of the Lamprey Regional Solid Waste Cooperative, such expenditures to be taken from the Capital Reserve Fund established to defray the costs of complying with State requirements banning open dump burning pursuant to RSA 125:78 & ff; and further to see if the Town will vote to raise and appropriate the sum of seventeen thousand, eight hundred twenty eight dollars ($17,828) for the remaining portion of the Town's share of the fiscal 1981 capital construction and operating costs of the Lamprey Solid Waste Cooperative.

Article 9 was moved by Mr. Ford and seconded by Mrs. Clark. Mr. Ford briefly explained the basis for the appropriation request.

Article 9 was passed.

**ARTICLE X:** To see if the Town will vote to raise and appropriate the sum of one thousand six hundred dollars ($1600) for the purchase of a new police radio.

Article 10 was moved by Mr. Dennis and seconded by Police Chief Brian Burke. Mr. Dennis explained that the Town had appropriated in 1980 funds for two new radios expecting to receive Federal funds to reimburse the Town for one of them. The Town did not receive the anticipated grant and therefore, only one radio was purchased. The selectmen proposed that this money be taken from Revenue Sharing Funds.

Chief Burke explained the details of the radio which the Police Department wished to purchase.

Article 10 was passed.

**ARTICLE XI:** To see if the Town will vote to raise and appropriate the sum of six hundred seventy-eight dollars and seventy-two cents ($678.72) for construction of Class V Highways under the provisions of TRA so-called. (The State will contribute the sum of four thousand five hundred twenty-four dollars and seventy-nine cents ($4,524.79).

Article 11 was moved by Mr. Dennis and seconded by Mrs. Clark. Mr. Dennis explained that in order to receive state monies, the Town must vote to raise a certain percentage from taxes.

Article 11 was passed.

**ARTICLE XII:** To see if the Town will vote to raise and appropriate the estimated sum of eight thousand two hundred thirty-two dollars and sixty-six cents ($8232.66) for the construction of Class IV and V Highways under the provisions of RSA 241:15 (Additional Highway Subsidy).

Article 12 was moved by Mr. Dennis and seconded by Mrs. Clark. Mr. Dennis explained that, although this money comes from the State, the Town must vote to spend it in order to receive it.

Article 12 was passed.

**ARTICLE XIII:** To see if the Town will vote to raise and appropriate the sum of five hundred dollars ($500) for the Strafford County Community Action Program.

Article 13 was moved by Kay Zaso, deputy director of Strafford County Community Action Program. It was seconded by Mrs. Clark. Mrs. Zaso summarized some of the services provided by SCCA such as a transport van for the elderly, weatherization program and a new service which provides assistance with fuel related crises on a twenty-four hour basis.

Mrs. St. Jean asked what the request of $500 is based upon. Mrs. Zaso responded that it was $300 for the first 12 months and additional $200 for the remaining 6 months.

Mr. Dennis commended the effectiveness of the fuel assistance program.

Mr. Cathcart inquired about the future of federal funding. This was questionable. Mr. Stoakes spoke in favor of this article.

Article 13 was passed.

**ARTICLE XIV:** To see if the Town will vote to raise and appropriate the sum of five hundred dollars ($500) for the Newmarket Health Center.

Mr. Ford moved Article 14; it was seconded by Mr. Dennis. Mr. Ford listed some of the services provided by the Newmarket Health Center such as screening clinics, glaucoma clinics, immunization clinics and a transportation van for the elderly and handicapped.

Elizabeth Baum spoke in favor of increasing this appropriation. Mr. Ford and Mr. Dennis objected to this.

Article 14 was passed.

**ARTICLE XV:** To see if the Town will vote to raise and appropriate the sum of two thousand two hundred seventy-nine dollars ($2279.00) for the Oyster River Home Health Association.

Article 15 was moved by Mr. Ford and seconded by Mr. Dennis. Mr. Ford briefly explained some of the services provided by ORHHA. These include visiting nurses for invalids and new mothers and a dental screening clinic.

Article 15 was carried.

**ARTICLE XVI:** To see if the Town will vote to raise and appropriate the sum of four thousand seven hundred seventy-four dollars ($4774.00) for the Durham Ambulance Corps.

Article 16 was moved by Mr. Ford and seconded by Mr. Dennis. Mr. Ford explained that this appropriation had increased for reasons related to fuel costs, salary increases and training expenses.

Article 16 was passed.

**ARTICLE XVII:** To see if the Town will vote to raise and appropriate the sum of one thousand four hundred forth dollars and ninety-two cents ($1440.92) for the Strafford Regional Planning Commission.

Article 17 was moved by Aaron Chadbourn and seconded by Mr. Dennis. Mr. Chadbourn, as town representative to SRPC, spoke of the members belonging to the commission and some of the services which the commission provides to the Town. He encouraged the Town to vote for this appropriation.

Roland Cathcart questioned the necessity of belonging to this. Mrs. Clark supported the appropriation on the basis that Lee has received more benefits and services than the cost to the Town of membership.

Article 17 was passed.

**ARTICLE XVIII:** To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provision of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action thereon.

| Appropriation | Amount |
|---|---|
| Town Buildings Improvements | $ 5,000.00 |
| Police Radios | 1,600.00 |
| Transfer Station | 4,718.29 |
| Total | $11,318.29 |

Article 18 was moved by Mrs. Clark and seconded by Mr. Dennis.

Article 18 was passed.

**ARTICLE XIX:** To see if the Town will vote to adopt the following ordinance:

### Dogs Creating a Nuisance or Vicious Dogs

I. Any person who considers a dog to be a nuisance, or vicious to persons, to property or to other animals may make a complaint in writing to any law enforcement officer or a selectman of the town or city in which such dog is kept. Such officer or selectman shall within three (3) days after the receipt of such complaint, investigate the facts and circumstances of the case, and if the complaint is sustained shall forthwith order the owner, keeper or person who harbors such dog to abate the nuisance or menace. Service of such order shall be made upon the owner, keeper or person who harbors such dog by any law enforcement officer by causing a certified copy of such order to be delivered to him or by certified mail to his last known place of abode. Any owner, keeper or person who harbors such dog upon whom notice of

such order has been served may, within 10 days, bring a petition to the municipal or district court for the town or city, as the case may be, praying that the order by reviewed by the court. After notice to the investigating officers and the person or persons making the complaint, and upon hearing, the court shall affirm, modify, or dismiss such order as justice may require. During the pendency of such action and the order of the justice of the court, the owner, keeper or person who harbors such dog shall restrain such dog from running at large at all times.

II. A dog is considered to be a nuisance, a menace, or vicious to persons or to property under any or all but not limited to the following conditions.

(a) If it barks for sustained periods of time, or during the night hours so as to disturb the peace and quiet of a neighborhood area, the penalty shall be ten dollars ($10.00).

(b) If it digs, scratches, or excretes, or causes waste or garbage to be scattered on property other than its owners, the penalty shall be ten dollars ($10.00).

(c) If any female dog in season (heat) is permitted to run at large or be off the premises of the owner or keeper during this period except when being exercised on a leash by a responsible adult. At all other times such dog shall be confined within a building or enclosure in such manner that she will not come in contact (except for intentional breeding purposes) with a male dog. A female dog in heat shall not be used for hunting. The penalty for this violation shall be ten dollars ($10.00).

(d) If it snaps at, runs after or chases any person or persons, the penalty shall be fifteen dollars ($15.00).

(e) If it runs after, or chases bicycles, motor vehicles, motorcycles, or other vehicles being driven, pulled or pushed on the streets, highways, or public ways, the penalty shall be fifteen dollars ($15.00).

(f) If, whether alone or in a pack with other dogs, it bites, attacks, or preys on game animals, domestic animals, fowl or human beings, the penalty shall be twenty-five dollars ($25.00).

III. If a penalty is imposed for any of the above violations, such penalty shall be paid within ninety-six (96) hours after such owner, keeper or harborer of the dog has been notified a violation exists. If three (3) penalties have been paid within a period of one year, according to the records of the town, the fourth offense shall be disposed of in the district court.

Article 19 was moved by Mrs. Clark and seconded by Mr. Dennis. Mrs. Clark explained that the Leash Law which the Town voted in the November elections had been repealed by the vote on the March 10 elections. This Dog ordinance is suggested to provide a Town ordinance for dog control which would not be prohibitively costly to enforce.

Gail Sanborn suggested that a dog should be allowed freedom on its own property or while walking with its owner and moved the following amendment to Section II (d). If it snaps at, behaves aggressively, or chases after any person or persons other than while on its owners property or under its' owners restraint, the penalty shall be fifteen dollars.

This motion was seconded by David Allan.

Linda McKay questioned restraint of a dog while the owner is out of town. Pamela McDaniels objected that waiting for three complaints to be lodged was an excessive dealy of action and reminded the Town that it was our responsibility to do something about dog control.

Daniel St. Jean objected to the prohibiting of the use of a female dog in heat for hunting. He moved that, "A female dog in heat shall not be used for hunting" be deleted from Section II (c) of the ordinance. William Crotty seconded this motion.

The first amendment, moved by Mrs. Sanborn was passed. A vote count was taken on the second amendment; the count was, yes, 67; no, 54. Article 19 was by amended deleting the suggested sentence.

Dwight Barney objected to the Town's power to levy fines and lack of due process of the law. Chief Burke responded to this explaining the court process in a dog case.

Mr. Cathcart moved that Article 19 be tabled because of the lack of provisions for stray dogs. Mr. Nugent objected to this. A vote was taken on this motion; it was defeated.

Article 19, as amended was passed.

**ARTICLE XX:** To see if the Town will vote to authorize the prepayment of resident taxes and to authorize the Tax Collector to accept such prepayments under the provisions of RSA 80:1-a.

Article 20 was moved by Mr. Dennis and seconded by Mrs. Clark.

Article 20 was passed.

**ARTICLE XXI:** To see if the Town will vote to adopt the provision(s) of RSA 36:4 - II(b) - (1) & (3) mandating the election of members of the Planning Board.

Article 21 was moved by Ralph Granger and seconded by George Nugent. Mr. Granger spoke in favor of the article; in the interests of maintaining a democracy, he felt that all citizens should be allowed the opportunity to run for the Board and the voters should have the chance to choose. He felt that the selectmen are inclined to appoint Planning Board members who share their points of view.

Ted Kelsey of the U.S. Soil Conservation Department spoke against the article emphasizing that appointed members of the Board are sought out because of a talent to contribute to the Town. Elected boards often have members using the position as a political steppingstone or to pursue a special interest.

Paul Bishop was opposed to this article for the reason that non politically oriented people, although talented, would not be inclined to run for the office. Robert DiBerto objected to Mr. Grangers statement concerning like points of view to the selectmen.

Wallace Dennis opposed the article, speaking for himself and the selectmen, stated that talented people are sought out, not particular points of view. He was concerned that qualified individuals would not run for office. Mr. Dennis also stressed that if an elected member does not support zoning, the Town is faced with a possible legal issue.

Mr. Granger complained that the present Board is "more restrictive than necessary".

Mr. Valentine, speaking for the Planning Board, emphasized that the Board's responsibility is enforcement of what the voters have voted in. David Allen and Ted Kelsey also supported the statement concerning the limits of authority of the Planning Board.

Peter Dodge and James Banks supported the appointment of the Planning Board.

George Nugent spoke in favor of election of the Board.

Article 21 was defeated.

**ARTICLE XXII:** To see if the Town will vote "to petition the Representatives and Senators who represent the Town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town or other governmental unit of the state to five percent."

Article 22 was moved by Mr. Cathcart and seconded by Richard Mills. Mr. Cathcart explained that if a community has to meet an unusual expense, an increase in the 5% can be authorized by a two-thirds vote.

James Banks and Robert Hart objected that this would take control of the local budget away from the Town. Richard Howarth objected to possible cuts in education.

Mrs. Clark, speaking for the selectmen objected to this article on the basis that it could not work. Funding from the state would be cut; reverting all expenses back to the Towns.

Article 22 was defeated.

**ARTICLE XXIII:** To see if the Town will vote to change the racetrack regulations of the Town, as follows:

Section 2 shall read: "At no time shall said operating and warm-up period begin before 12:30 p.m. and at no time shall vehicular races be allowed to continue past 10:30 p.m. All participating motor vehicles shall be equipped with exhaust systems which satisfy the inspection regulations of the State of New Hampshire, Department of Safety."

Section 13 shall read: "A fine of five hundred dollars ($500.00) per day shall be imposed for each and every violation of these regulations."

Thomas Moore amended and moved this article as follows: Section 2 to read: ". . . each participating vehicle shall be equipped with a 'Thrush T5163A' racing muffler or a muffler providing noise reduction greater than or equal to the 'Thrush T5163A'." Section 13 shall be amended to read, "A fine not to exceed one hundred dollars ($100) per day shall be imposed for each and every violation of these regulations." The amended article was seconded.

Mr. Moore explained that these requirements were based on those used at other tracks. The article is an attempt to reduce the disturbance caused by the racetrack without severely hampering raceway operations. The objectives being to set an earlier closing time, to muffle the engines and the fine set to be made meaningful. The article has been amended under advise by Chief Burke to make it enforceable.

Dwight Barney and Daniel St. Jean, as close neighbors to the track, opposed this article. They did not find the noise offensive and felt the restrictions too severe for the track. Wallace Dennis opposed the article feeling the restrictions would put the track out of business.

Robert Bonser, speaking as general manager of the track, cited the economic benefits to the Town of the track in terms of property taxes paid and salaries paid to policemen and firemen. He emphasized there is no service provided to the track in terms of school children and roads to plow. He suggested working with Town officials to make compromises in terms of the racing times.

Article 23 was defeated.

**ARTICLE XXIV:** To see if the Town will vote to authorize the selectmen to transfer tax liens and convey property acquired by the Town by Tax collector's deed, by public auction, or advertised sealed bid, or in such other manner as determined by the Selectmen as justice may require.

Article 24 was moved by Mrs. Clark and seconded by Mr. Dennis.

Article 24 was passed.

**ARTICLE XXV:** To see if the Town will vote to authorize the Selectmen to accept on behalf of the Town monies, gifts, legacies, investments, and services, and to accept any Federal or State funds which may become available during fiscal 1981. Further, to see if the Town will vote to authorize the Selectmen to make application for said funds and then to expend the same for the purpose designated within applicable Federal or State regulations.

Article 25 was moved by Mrs. Clark and seconded by Mr. Dennis.

Article 25 was passed.

**ARTICLE XXVI:** To see if the Town will vote to authorize the Selectmen to sell surplus equipment valued at less than three hundred dollars ($300.00) at private sale and to sell surplus equipment valued at more than three hundred dollars ($300.00) at public auction or by advertised sealed bids and after being offered through public auction or sealed bid, if property remains unsold, to sell the remaining property through private sale.

Article 26 was moved by Mrs. Clark and seconded by Mr. Dennis.

After some discussion indicating that townspeople wished to know of any articles for sale, it was agreed that items being sold would be posted by notice on the Town Bulletin Board.

Article 26 was passed.

**ARTICLE XXVII:** To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 27 was moved by Mrs. Clark and seconded by Mr. Dennis. Mrs. Clark explained that, although two tax billings should reduce the necessity of borrowing, there is no guarantee of this.

Article 27 was passed.

**ARTICLE XXVIII:** To transact any other business which may legally come before this meeting.

There was no other business.

George Nugent moved to adjourn. Mr. Dennis seconded.

The 1981 Town Meeting was adjourned at 11:00 p.m. on Wednesday, March 11, 1981 at the Mastway School.

Respectfully submitted,

Penelope A. Stetson
Lee Town Clerk

## ANNUAL REPORT 1981
## SELECTMEN

The capital improvement for 1981 were largely confined to insulating the Town Hall. This necessitated tearing out all the interior of the walls so that roll-type fiberglass insulation could be installed. The construction of the building was such that insulation could not be blown in as was hoped so the longer process had to be used. The ceiling walls and floor have been insulated. Sheet rock walls and ceiling have been put up. New window and door trim, baseboard and chair-rail are in place. The building is much lighter and pleasanter to work in and, above all, it is now *warm*. Approximately 2500 gallons less of fuel were used for heating from January 1981 through December 1981 than in the preceding twelve months. Since this does not even include the coldest months this winter, the fuel savings should actually be well above 2500 gallons for this winter over last. The heating system did not have to be changed as was thought originally. There is still some finishing up to be done in the Town Hall, but that which remains is relatively minor.

Another improvement this year was the drilling of a new well. The old well had an extremely high iron content which made the water not only a muddy color but was also causing the plumbing to clog up. It was recommended by water specialists that a new well be drilled rather than trying to filter the iron out of the water from the existing well as it would be less expensive. The new well has clear water and appears to be free from excessive iron.

Several more parcels of land were placed in Current Use for a total of 7511 acres. The questionnaires sent out by the Sounding Board in 1979 as an aid to a Master Plan for the town showed a large number of those responding to the questionnaire as being in favor of keeping a rural atmosphere in Lee. Current Use helps fulfill that desire.

More of the problems and errors in the reassessment have now been corrected. There were a total of sixteen appeals to the State Board of Taxation; fifteen of these are still pending and the other was decided in favor of the Town.

The law suit for "defamation" or "libel" brought by a Lee resident against police chief, Brian Burke and the Town of Lee was dismissed by the Strafford County Superior Court, the Court ruling that even if the allegations could be proved, no valid claim or cause of action could be made. The Town and Chief Burke are attempting to recover expenses and legal fees incurred in the defense of this suit. The position of the Selectmen is that it is our obligation to try to obtain reimbursement to the Town in any case where the claims made are without merit.

For 1982, it is hoped that the interior work on the Town Hall can be completed, some further repairs made on the exterior, and the library ceiling (at least) insulated.

Board of Selectmen

## SELECTMEN'S INTERIM REPORT OF EXPENDITURES
### For the Period of January 1, 1981 Thru December 31, 1981

| TOTAL | $25,261.85 |

### ELECTION AND REGISTRATION

| | |
|---|---|
| Town Report & Related Expenses | $3,103.89 |
| Town Meeting (Election Officials, Ballots, etc.) | 1,156.17 |
| Re-registration Costs | 453.57 |
| TOTAL | $4,713.63 |

Costs for re-registration, which was conducted in all New Hampshire towns under the direction and supervision of the Secretary of State, include the cost of several sittings for the Supervisors, the cost of notification to individuals on the checklist whose names were being removed and the cost of compiling the new checklist.

## TOWN HALL AND OTHER BUILDINGS

| | |
|---|---|
| Electricity | $1,487.92 |
| Custodial | 528.53 |

## REPORT OF THE LEE LIBRARY

This year the Library personnel was busy circulating 11,266 books, 212 magazines, 14 records and 13 sewing patterns. There were 1788 adult and 1165 children borrowers. We borrowed from the Bookmobile, during 2 visits or by mail request, 629 adult fiction, 717 adult non-fiction and 971 childrens fiction and non-fiction. By patron request, we borrowed 67 books through Inter-library Loan.

The library is affiliated with the New Hampshire State Library. This means we can borrow from them most books requested by you. If they do not have it, they will borrow from another library for us. Most of our inter-library loans were from the Dover Public Library this year. These were fiction, or non-fiction for all ages in many subjects. We can get books to help with assignments from school through college and from N.H. State Library we borrow films and classical records. Due to State budget cuts the Bookmobile is history, being replaced by a van. Twice a year the librarians go to Concord, pick out the books, and the van delivers them.

647 books were added to the library collections, both hard-cover and paperbacks. Due to the rising cost of books, fewer books were purchased this year. Many thanks for all the books that were donated. We subscribe to seven magazines and 10 subscriptions are donations. We can no longer accept textbooks. There are many discarded books for sale in the Library.

Again this year the Library joined with the Barrington Library for a show by the Little Red Wagon. These shows are always well attended as the children (and their mothers) think they are great. We had 17 film showings for the Lee Cooperative Nursery School.

In the Spring we had a Craft Exhibit. We wish to thank the many people of Lee who exhibited their handiwork.

For 12 years, Ann Hatch has been the Lee Library delegate to the District Area Council. There were only two meetings held this year as the DAC was abolished. Mrs. Hatch attended both meetings. The Area Library Forum will replace the DAC. Two organizational meetings were held, Mrs. Hatch attended both, MacDonald, one.

The N.H. Library Council Spring meeting was attended by two trustees and two librarians. Mrs. Hatch and Mrs. MacDonald attended a Political Action Committee meeting. Mrs. Hatch also attended the N.H. Library Trustees Association Fall meeting and five N.H.L.T.A. board meetings, of which she is the Secretary.

Mrs. MacDonald attended 2 meetings of RALI (cooperative book buying) and two Oyster River Librarian meetings.

The Trusttes held seven meetings.

Ann Hatch has been a Library Trustee for twelve years. She has been a very dedicated and knowledgeable trustee, giving much of her time and strength to better the Library. The above reports show just how much time she has spent doing a great job, all this, without any compensation. The trustees and the librarians are going to miss you, Ann, and we thank you for your help.

## REPORT OF THE LEE POLICE DEPARTMENT

Ths report is an interim report. Because the statistical year does not end until June 30, 1982, there will not be a breakdown of the activity incident by incident. Yet some observations on the type of activity would be appropriate.

The seriousness of the offenses is on the increase particularly the incidents involving juvenile offenders. This increase is troublesome for a number of reasons. First, the offenders usually are not from Lee, but from outside of town and in most cases, outside of the area. This makes investigation and apprehension much more time consuming. Secondly, under New Hampshire statute, the town of domicile is responsible for the rehabilitative costs, and if that cannot be determined, the town of arrest is liable. Rehabilitative costs are tremendous, and for that reason our investigations always try to determine the town of domicile. Thirdly, juvenile prosecutions are the respnsibility of the local police department. Since New Hampshire law makes no provisions for district attorneys, the local government is responsible for the prosecution of all cases at the district court level. And since small towns usually do not have the funds to hire an attorney to represent them at the district court level, the task of prosecuting both adult and juvenile cases falls on the local police department. Lee is no exception to this rule. Because of the increase in time spent in the preparation for both juvenile and adult cases, there is a decrease in the time spent on other activities, namely traffic enforcement. This problem is particularly evident during the daytime hours because of the small size of the department and because specials in bedroom communities like Lee leave during the day to work at their primary income jobs.

There have been serious crimes in Lee during the past twelve months that have not had arrests made and are still under investigation. During the early fall, there were a series of four fires that were determined to be

## ARTICLE II

### Text of Proposed Zoning Amendments

Explanation by Planning Board of Proposed Zoning Amendments:

1. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board as follows:

Amendment #1 would add the following definition to Article II as follows:

*Agriculture, Farm, Farming.* The word "farm" shall mean any land and/or buildings or structures on or in which agriculture and farming operations are carried on and shall include the residence or residences of owners, occupants, or employees located on such land. The words "agriculture" and "farming" shall mean all operations of a farm such as the cultivation, conserving and tillage of the soil, dairying, greenhouse operations, the production, cultivation, growing and harvesting of any agricultural, floricultural, or horticultural commodities, the raising of livestock, bees, fur-bearing animals, poultry or fish-farming or any practices on the farm as an incident to or in conjunction with such farming operations including but not necessarily restricted to, the following: preparation for market, delivery to storage or to market, or to carriers for transportation to market, of any products or materials from the farm; the transportation to the farm of supplies and materials; the transportation of farm workers; forestry or lumbering operations; the marketing or selling at wholesale or retail or in any other manner any products from the farm and of other related supplies that do not exceed in average yearly dollar volume the value of products from the farm.

The Planning Board recommends this definition for clarification purposes.

2. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board as follows:

Amendment #2 would add the following definitions:

*Mobile Home Park.* A tract of land on which there are sited or it is proposed to be sited more than one mobile home but where it is intended that ownership of all lots is to be maintained by a single owner and where the lots are intended to be rented or leased to individuals who will place mobile homes thereon.

*Mobile Home Subdivision.* A tract of land where it is proposed that a number of mobile homes be located, each sited on an individual lot with the intention that the individual lots are to be sold to the owners of the mobile home to be placed thereupon. For the purposes of this ordinance, in the Town of Lee, the lots in a mobile home subdivision may have placed thereon mobile homes, modular homes, or conventional homes, as the lot owner may from time to time determine.

The Planning Board recommends these definitions for clarification purposes.

3. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board as follows:

Amendment #3 would *delete* from the definition of special exception in Article II the following requirements for the granting of a special exception: In order to support a special exception it must be found that an injustice would result if the restriction upon use when applied to a particular property becomes arbitrary, confiscatory, or unduly oppressive because of conditions of the property distinguishing it from other properties similarly restricted. A special exception can only be granted to the owner of the property and is solely for his use. A change in owner or use requires the due granting of a new special exception.

The Planning Board recommends this amendment in order to make the rquirements for the granting of a special exception less restrictive and to more clearly differentiate a special exception from a variance.

4. Are you in favor of the adoption of Amendment #4 as proposed by the petition of Beryle Banks and at least 25 registered voters in the Town of Lee as follows:

Amendment #4 would allow the establishment of temporary shelter on the property of one whose home has been rendered uninhabitable by a catastrophic event for a period of up to 90 days. Extensions would then be granted through the Board of Selectmen.

The Planning Board recommends this article for the purpose of granting prompt relief to an unfortunate victim without the necessity of the lengthy process of public hearing.

5. Are you in favor of the adoption of Amendment #5 as proposed by the Planning Board as follows:

Amendment #5 would amend Article IV B by adding the following working under Lot Area Required: Frontage and footage requirements may be waived to permit cluster development at the discretion of the Planning Board.

The Planning Board recommends this change in order to encourage economical land usage by cluster development.

6. Are you in favor of the adoption of Amendment #6 as proposed by the Planning Board as follows:

Amendment #6 would clarify wording in Article 7 and would establish the criteria for mobile home subdivisions as follows: Mobile Home Subdivisions may be established in any zone subject to the following specifications:
1) Each subdivision must be approvable for a minimum of ten lots.
2) Each lot must comply with all requirements for a conventional housing lot except that frontage requirements may be reduced in order to permit cluster development provided there is no reduction in the required lot size and that all front, side and rear yard requirements can be met.
3) All roads and other improvements in the subdivision must be constructed according to the minimum standards specified in the Town Subdivision Regulations for conventional development.

4) ·All mobile homes within the subdivision must be set on permanent foundations.
5) All mobile homes within a subdivision must have a minimum of 500 square feet of floor area.

Amendment #6 would change 7E to read as follows: No trailer camp campground, mobile home park or mobile home subdivision shall be allowed within a radius of ½ mile of the Town Hall.

The Planning Board recommends this amendment which will satisfy the requirements of the new state legislation which requires that mobile home owners be allowed to locate their home on land which they own in some area of town. After much research, and legal consultation, and after two public informational meetings, the Planning Board feels that this proposal is as fair as possible to both conventional and mobile home owners and is in keeping with the aesthetic and economic interests of the Town.

## ARTICLE III

## Text of Proposed Changes to the Buildings Regulations Ordinance

Explanation by Planning Board:

1. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board as follows:

Amendment #1 would amend Article 5 such that the substance of the BOCA (Building Officials and Code Administrator's) Basic Building Code and/or HUD Safety Codes would replace the National Building Code as a reference guide.

The Planning Board recommends this change as the National Building Code is no longer updated.

2. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board as follows:

Amendment #2 would change Article 5(j) to read as follows:
Foundations: All structures, (including manufactured housing) shall be set on solid foundations of cement, brick, stone or other acceptable masonry except that structures which are to be used only for accessory use may be on foundations of pressure treated wood, metal or masonry piers.

The Planning Board recommends this amendment for clarifying purposes and for the purpose of the inclusion of manufactured housing.

3. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board as follows:

Amendment #3 would change Article 5(k) to include manufactured housing in the required 500 square feet minimum building area.

The Planning Board recommends this amendment to include a minimal dwelling size for manufactured homes as well as conventional homes.

4. Are you in favor of the adoption of Amendment #4 as proposed by the Planning Board as follows:

Amendment #4 would delete Article 5(m) 7 which reads as follows: Lots of record at the time of passage of this amendment are exempt from the land requirements as set forth in this Article, provided, a system is installed that will meet the requirements of the "Septic Tank System of Sewerage Disposal" issued by the New Hampshire Water Supply and Pollution Control Commission.

The Planning Board recommends this amendment for the purpose of having lots of record meet the same standards for septic system design as other lots in Town.

# ARTICLE IV
# ADJUSTED
# ELDERLY EXEMPTIONS

## ARTICLE IV

"Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax? These statutes provide for the following exemptions, based on assessed value, for qualified taxpayers: for a person 65 years of age up to 75 years, $10,000; for a person 75 years of age up to 80 years, $15,000; for a person 80 years of age or older, $20,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of less than $10,000 or if married, a combined net income of less than $12,000, and own net assets of $30,000 or less, excluding the value of the person's residence."

Presently, the Town is operating under the provisions of the expanded elderly exemption law which provides property tax exemptions based on assessed value for qualified taxpayers in the following manner: for a person 65 years of age up to 75 years, $5,000; for a person 75 years of age up to 80 years, $10,000; for a person 80 years of age or older, $20,000. To qualify, the person must have been a resident of the State of New Hampshire for at least five years; own the real estate individually or jointly or in common with his spouse, either of whom meets the age requirement for the exemption claimed, or own the real estate jointly or in common with a person not his spouse, if the resident meets the applicable age requirement for the exemption claimed. In addition to these requirements, the individual qualifying for the expanded elderly exemption must have a net income of less than seven thousand dollars, or if married, a combined net income of less than nine thousand dollars and may own assets of any kind tangible or intangible, less bona fide encumbrances, not in excess of $50,000.

The major differences between the adjusted elderly exemption law and the expanded elderly exemption law are as follows:

1) The adjusted elderly exemption law increases the amount of the exemption from $5,000 to $10,000 for the 65 to 75 age bracket and from $10,000 to $15,000 for the 75 to 80 age bracket. There is no change in the 80 and above age bracket.

2) The adjusted elderly exemption increases the allowable net income from $7,000 to $10,000 for a single person and from $9,000 to $12,000 for a married couple.

3) The adjusted elderly exemption removes the residence and attending grounds (up to 2 acres) and outbuildings from the tangible assets of the qualifying individual, but reduces the amount of permittable net assets from $50,000 to $30,000. "Net assets" means the value of all assets, tangible and intangible, minus the value of any good faith encumbrances. "Residence" means the housing unit, and related structures such as an unattached garage or woodshed, which is the person's principal home, and which he in good faith regards as his home to the exclusion of any other places where he may temporarily live. "Residence" shall exclude unattached structures used or intended for commercial or other non-residential purposes.

If the adjusted elderly exemption law is not adopted by the Town, the Town would continue to operate under the provisions of the expanded elderly exemption law. If Article IV is passed, then the new exemption would go into effect for the 1982 tax year.

arson. A tremendous amount of time has been spent investigating these arsons. Some fifteen people have taken polygraph tests (lie detector), there have been a number of chemical sample sent to laboratories to be analyzed, and a preliminary psychological profile has been prepared by the FBI with a more complete profile to follow. Manpower from the State Fire Marshall's Office has assisted us throughout the investigation. All of these services are, at the present time, supplied to the communities at no cost. Yet, with the present cutbacks in federal and state budgets, it would appear that there may be implementation of users' fees for some of the services. if users' fees do become a reality, then either there will be a budget increase on the local level or a rapid decrease in the number of crimes that are solved.

Because of the increasing number of crimes, it is our hope to organize neighborhood awareness groups during the spring and summer. The purpose of the groups will be to develop a greater awareness by the police of neighborhood problems, and to make members of the neighborhoods more aware of information that they can gather and the way in which to gather the information to be of greatest assistance to the police.

Lee is a rather affluent bedroom community. Thus, as the economy continues downward, the crime in Lee will increase. We are already witnessing an increase in burglaries and thefts and many of the people committing the crimes are coming from urban areas. With cutbacks in state and county budgets for public safety it would appear that there will not be significant help from those agencies in investigating and solving the crimes inherent in a recession. Thus it will be up to us in the community to combat the inevitable increase outselves.

We wish to thank the townspeople for their cooperation during the past twelve months and look forward to continued mutual cooperation in the coming years.

Respectfully submitted,

Brian Burke,
*Chief of Police*

# PLANNING BOARD
# ANNUAL REPORT 1981

In 1981 the Lee Planning Board received applications for ten subdivisions. One of these applications was withdrawn because the land could not meet Town specifications for building. Two applications were pending as of December 31. Seven subdivisions were approved creating a total of seventeen new building lots in Lee.

The Board conducted three site reviews. M & M Solid Waste Equipment Company and Kustra Auto body Shop were granted site approval to expand existing commercial operations. Application for site approval for a meeting hall and office space for the Bricklayers and Allied Craftsmen Local Union #6 is pending.

Public Hearings were held on two excavation operations in 1981. The Town of Durham Gravel Pit on Garrity Road and James Pike's Gravel Pit on Snell Road were approved for excavation. Other excavation sites were reviewed for progress on restoration as required under Article 9 of the Lee Zoning Ordinance.

A significant amount of time was devoted to amendments to the Lee Zoning Ordinance concerning mobile homes. This was due to new State legislation requiring that mobile homes be permitted on land owned by the homeowner in some areas of town. Two public informational meetings were conducted by the Board on this topic. An amendment to the ordinance has been proposed which would permit the establishment of mobile home subdivisions in any area in town according to specific criteria.

Other amendments to the Zoning Ordinance which have been proposed by the Board include a definition for agriculture, an amendment to delete some of the requirements for a special exception, an amendment which would allow for cluster development and definitions for mobile home parks and subdivisions. One amendment

## ANNUAL REPORT
## ZONING BOARD OF ADJUSTMENT

The Lee Zoning Board of Adjustment held public hearings on ten applications in 1981. Three applications were for special exceptions to the Ordinance. M & M Solid Waste Equipment Company on Route 4 (May 20, 1981) and Kustra Auto Body Shop on Route 152 (May 20,1981) were granted exceptions to expand existing commercial operations in a residential zone. Lee Hill Realty Trust was granted a special exception and variances for frontage and parking (April 22, 1981) to allow construction of a four-unit apartment complex on Mill Pond Road.

The Board held hearings on four variance applications which permit the location of mobile homes on privately owned property. Applications from Wilfred Janvrin (April 22, 1981) and Harold Demers (May 20, 1981) were denied. Raymond Amazeen (October 1, 1981) was granted a temporary variance and Thomas Horton (August 5, 1981) was granted permission to replace an existing mobile home with a newer, larger one.

Two applications to the Zoning Board of Adjustment were for variances to Article 5M of the Building Regulations Code. Applications were approved for Vern Crisp (August 5, 1981) to construct a raised mound septic system and to Adam Jakabowski (August 5, 1981) to construct a septic system on land which does not meet specifications set forth in the Building Codes.

An application for Appeal from an Administrative Decision of the Selectmen (November 19, 1981) was granted to John Gund of Demerritt Hill Farm. This allowed him to continue to operate a retail farm store on his property without seeking a special exception to the Ordinance.

During 1981, Lewis Jennison completed his term of office as alternate to the Board of Adjustment. The vacancy was filled by Paul Bishop. W. Scott Gibb was reappointed by the Selectmen for a second term on the board. Appreciation is extended to Mr. Jennison for his years of service to the Board.

lishment of temporary shelter in the event of a catastrophic event rendering one's home uninhabitable.

Amendments to the Building Codes are also being proposed by the Planning Board. One amendment replaces the National Building Code (no longer being updated or used by many communities) with the more acceptable BOCA code as the recommended standards of construction. Other amendments are to include manufactured housing in many of the building specifications. A great deal of time and research was devoted to amending the Codes to allow for raised mound septic systems. Specifications were set forth which would make them safe and non-polluting. The Board deleted this proposal after the first public hearing to allow more time to communicate to the public the implications of this change to the Town and to complete a Wetlands Ordinance which would give more protection to these areas.

The Planning Board has continued to make progress on the Master Plan. A series of overlay maps depicting soils, wetlands, ownership patterns and land use in Lee have been completed as part of the final plan. Sections of the master plan on town services and wetlands have been completed. Research and development of other sections of the plan is in progress. The Board expects the final plan to be complete in 1982.

Resignation from the Planning Board was received from Robert Keniston. Appreciation for his many years of service on the Planning Board is extended. John Damon was elected as Chairman of the Board. Gus C. Zaso of Birch Hill Road was appointed as a new member of the Planning Board in 1981.

# REPORT OF THE LAMPREY REGIONAL SOLID WASTE COOPERATIVE

The Directors of the Lamprey Regional Solid Waste Cooperative are pleased to report that the incinerator recovery plant is in operation and producing steam for the University of New Hampshire on a regular 24-hour, 7-day a week schedule. Since reporting to you at the time of your 1981 town meetings, your Directors are able to record substantial accomplishments in the completion of the plant's construction and in placing it in operation in accordance with our long range plans.

The supervision of all operations, including personnel, as well as the preparation of budgets, and overall management, is under the direct control of the Cooperative's Administrator, with the three-member Operations Committee from the Joint Board of Directors exercising general supervisory control. The plant personnel, in addition to the Administrator, includes two mechanics, a truck driver, two daily shifts of 12 hours each involving 8 persons, plus a daily cleanup crew. This organization operates the incinerator system, maintains records, and coordinates with the University's Power Plant staff to monitor the boiler and steam production elements of the plant. The Cooperative's organization also handles the collection of refuse from the transfer stations of five communities, and handles the ash removal and its transfer to the landfill site.

The waste delivery program for the towns in the Cooperative, including both community owned packers and commercial haulers, has been organized for efficient and continuous delivery of waste with all units being weighed on the Cooperative's scales, with tonnage recorded for billing of the tipping fee to each community. To assist all the communities in the collection and delivery program, a series of instructual memorandums were prepared including a complete set of guidelines detailing

processable and non-processable waste, i.e., that which can be handled at the plant and that which must be disposed of at the regular dump sites. This latter item, of course, includes brush, construction materials, and other non-organic materials. Further, a punch card system enables each community to assign deliveries to either their own vehicles or contract haulers. Guidelines were also developed and issued to all hauling units with instructions for delivery, dumping, and emergency procedures. We have made arrangements with a commercial landfill operator to handle our waste in the event of a major shut-down of all units at the plant.

The Directors, on December 10, 1981, held a public hearing on the Cooperative's proposed budget, which has now been adopted and the appropriate share of each member community for inclusion in their individual budgets.

Two additional programs have been initiated during the past year. These programs, which were noted in the 1980 report, include a CEIP grant of $18,000, being administered by the State's Department of Energy, and which has now been approved for a study of potential alternate uses of energy from steam, particularly during the summer months when the University's steam demand is much reduced. Another program which is just developing is the possible selection of the Lamprey Cooperative to store and dispose through incineration the oil spill debris which may result from oil spill contamination on our coast, or even our inland waterways.

The Directors were also pleased, this last year, to have the City of Somersworth join the Cooperative as a full member, bringing the additional waste generated by that community, which was needed to round out our potential capacity for incinerating waste and producing steam.

We are still working with all of the communities and the University in eliminating glass from the waste stream because of the net savings that will result by eliminating hauling it to the plant and processing it through the system.

The Directors of the Cooperative wish to express their deep appreciation for the assistance given their efforts by the University's staff as well as the officers and personnel of the cooperating communities. Every effort will be continued to keep the residents of the region informed of the progress of the collection, processing, and disposal of the waste which is being handled at the plant.

# YEAR-END REPORT OF THE STRAFFORD REGIONAL PLANNING COMMISSION 1981

## Regional Planning

The Commission works with its member towns to solve common economic, land use and natural resource problems through mutual cooperation. The regional programs undertaken by the Commission are meant to provide information and guidelines for decision-making on both the local and state levels. In this past year, such projects have included, among others:

1. Publication of *A Groundwater Guide for the Strafford Region,* describing groundwater resources in the Strafford Region, evaluating potential pollution sources, and describing some groundwater protection techniques;

2. Distribution of a draft *Land Use Control Inventory for the Strafford Region,* a guide to how and where land uses are regulated in the Strafford Region;

3. Distribution of information to Strafford Region communities on recent state legislation and court cases affecting land use and planning board decisions;

4. A panel discussion on the recent mobile home legislation;

5. Staff support for low-head hydropower redevelopment within the region, as exemplified by the recently incorportated Salmon Falls Hydropower Association, now the Granite State Hydropower Association;

6. Formal review of the New Hampshire Aeronautics Commission request for federal funds to expand Skyhaven Airport in Rochester, and assessment of its regional impacts.

In the coming year, the Commission expects to work on the following projects:

1. A recreational inventory and analysis of the Cocheco and Lamprey Rivers;
2. Publication of a statewide guide for designating prime wetlands;
3. Transportation planning for the recently formed Portsmouth-Dover-Rochester urbanized area.

### *Local Technical Assistance*

In addition to our on-going regional planning projects, SRPC staff provide technical planning assistance to member and non-member communities in a variety of ways, including attendance at planning board meetings, researching specific inquiries, reviewing and writing master plans, zoning ordinance amendments and subdivision regulations, mapping natural resources and land use changes, and planning for historic preservation, economic development, and natural resource protection. Some *examples* of technical assistance projects during 1981 are:

### *Lee*

- researched economic impact of different categories of land uses for planning board;
- reviewed and commented on draft master plan;
- researched cost estimates for natural resource map overlays;

## REPORT OF THE NEWMARKET REGIONAL HEALTH CENTER

In 1981, the Newmarket Regional Health Center celebrated its 10th anniversary and opened a new medical facility, the Lamprey River Clinic, in Raymond, New Hampshire. At both facilities, a medical program is operated, providing general medical care, preventive health services and an extensive community outreach program, which includes preventive screening clinics, health education and social services. In 1981, the health center initiated a mental health linkage program. Ann Bliss, a counselor, was hired to provide mental health services which consist of initial intake and assessment, short-term counseling linkage and referral to area mental health agencies.

Medical services are provided by Sarah Oxnard, M.D., Michael Lewis, R.P.A., and Barbara Janeway, M.S.N., A.R.N.P. In July, Peter Friedensohn, M.D. joined the staff. Dr. Friedensohn is a graduate of Dartmouth Medical School. The medical team includes registered nurses, medical assistants and community health workers. For more information or to make a medical appointment, call 659-3106 in Newmarket, 895-5531 in Raymond, or toll-free in Newmarket at 1-800-582-7279.

The Community Health Workers coordinate a school health program and preventive screening clinics to detect potential health hazards. They hold informative workshops and act as liaison between the medical providers and the patient.

The Newmarket Regional Health Center also operates a Senior Citizen Transportation Program. In 1981, two new 18-passenger buses (with hydraulic lifts) were purchased, increasing our fleet to three vehicles equipped to provide services to individuals confined to a wheelchairs. The transportation services enables seniors to remain independent, self-sufficient and

active by providing rides to needed services, including medical, shopping and recreational trips. For more information or to arrange a ride for a senior citizen, call 659-2424 or toll-free at 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the continuing support give by the town of Lee.

Sincerely,

Ann H. Peters
*Executive Director*

# REPORT OF THE OYSTER RIVER HOME HEALTH ASSOCIATION

The Oyster River Home Health Association is a Medicare certified, voluntary non-profit organization which serves the four towns of Durham, Lee, Madbury and Newmarket. It is governed by a Board of Directors composed of five members from each town.

In its fifteenth year of operation, the agency continues to grow and provide an increasing number and variety of services to town residents.

## Care of The Sick Program

The professional staff composed of five registered nurses, a registered physical therapist and an occupational therapist travel to visit the sick at home providing the medical services prescribed by the patient's physician. Home health aides, under the supervision of the professional staff, assist with personal care needs and are a vital component in one of the agency's goals—to maintain people in their homes as long as is feasible.

Medicare, Medicaid and an ever increasing number of private insurances cover the cost of these visits provided certain criteria are met. No one in need is denied service because of inability to pay.

## Maternal Child Health Program

This program is funded, in part, by a grant from the State of New Hampshire Department of Health and Welfare with matching funds from Town Appropriations.

1. ***Well Child Clinics.*** Clinics held twice a month at the Newmarket Community Church provide free routine physical examinations and immunizations for preschool children from the four town area. Clinics are staffed by a pediatrician, pediatric nurse practitioner and agency nurses.

2. ***Dental Clinics.*** Semi-annual dental prophylaxis for children 3-6 years who are enrolled in the Well Child Clinic. Examinations are done by State Dental Bureau Hygienists.

3. ***New Born Visits.*** Home visits are made to provide guidance to new mothers.

4. Assistance in staffing of State Pediatric Specialty Clinics.

5. Assistance to local day cares with health problems.

### Additional Services Provided

1. 4-in-1 Adult Screening Clinic
2. Office visits for simple treatments for ambulatory patient.

In addition to insurance and patient payment and state grants, the Oyster River Home Health Association is dependent on local support. Money appropriated by the four towns on a yearly basis makes up 12% of the operating budget. This, plus increasing generous private donations and memorial gifts, covers the cost of free service provided to town residents.

Agency offices in the Durham Town Hall are open Monday through Friday 8:00 a.m. to 4:00 p.m. For information call 868-5055.
